

New Technology

Waikiki

Well how
You heard
All the people clapping their hands
And how
You've seen
All the castles made in the sand Oh oh,
uh oh,
uh oh woah And how
You hope
We've all got something to announce
Well it's true
Yeah it's true
They're all waiting at your command Yeah you know
Well we all just wanna go home
Today so grand
'Cos it's you and me against the new technology And I've seen
The band
Marching on through the land
Well it's sweet
You care
But it's not enough you're aware Oh oh,
uh oh,
uh oh woah Well I know
It's true
The clock is ticking for you Yeah you know
Well we all just wanna go home
Today so grand
'Cos it's you and me against the new technology 'Cos it's you and me against the new technology 'Cos it's you
and me against the new technology
