Suffocate

Eldest 11

Through the shadows I'm trying to find my way back home.
You're putting pieces together so you can throw your little bit of heaven.YOU DENIED THE AIR IN MY LUNGS!
Now I'm the pain when you swallow.
(I like to hurt)
No matter what you do, I'm still alive and coming for you!SUFFOCATING! I don't feel a thing.
The colors that we bleed are all the same, can you not see?
All in his name you say.
SUFFOCATING! I don't feel a thing.
You say "Flood his heart, he can't see in the dark!"
I hear doubt when you're coming at me, in your voice I can see...As your eyes close, your wings are shedding it's feathers.
Turning dove to machine, but you're fighting the one thing.
The sinner in you became me.YOU DENIED THE AIR IN MY LUNGS!
Now I'm the pain when you swallow.
(I like to hurt)
No matter what you do, I'm still alive and coming for you!SUFFOCATING! I don't feel a thing.
The colors that we bleed are all the same, can you not see?
All in his name you say.
SUFFOCATING! I don't feel a thing.
You say "Flood his heart, he can't see in the dark!"
I hear doubt when you're coming at me, in your voice I can see...
