

# I Wish You Were Here

[Al Green](#)

Looking out my window, sun shinning bright  
Birds singing, trying to make things right  
How did your love songs play from those doors? I don't want no one to come in to catch me sigh  
But every since you left, said goodbye  
I wish you were here with me  
I wish you were here with me? 'bout your kiss, gloom all around me  
Seem like love is never gonna find me  
I keep on looking for a, brighter day  
When all I see is time slipping away I've got to stop and get myself together  
All I can see is stormy weather  
I wish you were here with me  
I wish you were here with me
