

Kingdom Come

I need your lovin' this I know
17, you drive me wild
You're just so lovely this I know, oh
I wanna make you mine, slip into my hands I want it, I want it, I want it
Ooh, say it, say it, say it Oh, takes my blood, take it, take it, take my life
Don't you know I really care for you, I really do, I do Baby yes, I wanna be your sugar man
You want it this I know
17, there ain't no rules in heavens traffic
You and me, we're gonna see, oh, we're gonna see
