

# This Piece

## The Hurt Process

I bought into your faith  
That's where I placed my trust  
Squandered my feelings  
Thrown out, dirty and used[Chorus:]  
My life lay around me, shattered and broken  
Your eyes lay on me, silent and frozen  
I hope these pieces can fall back into a whole  
Remold...Reform...Refit, this puzzle of my life You bought into my faith  
That's how your heart was broken  
Squandered my feelings  
Thrown out, Empty and Hollow[Chorus]What I Feel [3x][Chorus]
