Broken Days

For My Pain...

[Music: Jarmo Kylmnen, Lyrics: O-P Trr, Juha Kylmnen] Another broken day passed by Another dead night is waiting to come alive You are already trying to find One more way to hide from the burning light You don't want to see You don't want to feel Nothing but your hopeless destiny You can always cry but never complain All those bitter tears, will it ease the pain? (It's) Part of the crying game will it ease the pain? When everything should be fine I still found you depressed and crying all the time It seems to me that you want to feel like you're dying Kiss the darkness and turn you back to the light You don't want to see You don't want to feel Nothing but your hopeless destiny You can always cry but never complain All those bitter tears, will it ease the pain? (It's) Part of the crying game will it ease the pain? Even when the dead nights are gone those broken days remain All those bitter tears, will it ease the pain? (It's) Part of the crying game will it ease the pain
