Bit Part in a Bad Movie

Born Against

Advisory - the following lyrics contain explicit language:

I'm irrelevent except for a brief walk on role as the less articulate heir to
a bunch of people who had a purpose and a plan all is shit and chaos
araggghhbnbt things change these days in such quick, cruelly absurd ways and
I'll never be more than a footnote to the bullshit my bit part in a bad movie
my cameo my importance.
