

# Bit Part in a Bad Movie

## Born Against

Advisory - the following lyrics contain explicit language:

I'm irrelevant except for a brief walk on role as the less articulate heir to  
a bunch of people who had a purpose and a plan all is shit and chaos  
araggghhbnbt things change these days in such quick, cruelly absurd ways and  
I'll never be more than a footnote to the bullshit my bit part in a bad movie  
my cameo my importance.
