

Without You

Tricia

Like the night
Without the morning light
Waiting on the sun to rise
I'd be without You
Like a ship
With no one sailing it
I'd be drifting in the wind
That's me without You
Oh, without You
Bless the Lord, my soul
Bless the Lord, my soul
For You won't let go
Where would I be
Without Your love
Where would I be without You, Jesus
When goodbyes are said before their time
We're left with questions why
Our hope is found in You
And when our tears
Are falling like rain
When we can't see past the pain
Our hope is found in You
Oh, it's in You
You're my anchor, Lord
In troubled waters
I'm held by grace
I'm held by grace
You hold my days and
My tomorrows
I will praise
I will praise
