

Ordinary

Grinspoon

All right, right on
Cowgirl, that song
Find something you can sell
Then make a war to find it You're told it
So now it's true
No business
Somewhere ordinary, yeah ordinary Cast yeah, alright
Baby, you're rockin' tonight
It started out so well
Then it goes straight, then it folds You're told it
So now it's true
No business
You're so ordinary Get back to
When you were blue
Go find her
Somewhere ordinary Find somewhere you can go
And get away from it all You're told it
So now it's true
No business
Somewhere ordinary Get back to
When you were blue
Go find her
Somewhere ordinary
You're so ordinary
