Acid Rain

John Martyn

The pain enhances the misery swells
I'm screamin' ya name from a mountain in hell
I'm so low that the grounds above me
It seems as if no one cares to love me
Maybe I'm crazy, addicted to pain
Maybe the cocaine destroyed my brain
Private conversations with kurt cobain
I'm drownin' my fears in the acid rainchorus
Demonic intentions take ova your mind
Like leaping from a building for the 50th time
Stay away from drugs little boys and girls
Unless you wanna live in the under world(the under world the under world unless you wanna live in the under world x2)the sun goes down as the darkness prevails
Loss of conversation with jazabell
She's so high always treatin' her nose
Her blood run black when her cycle flows
Maybe I'm psych'd out for layin' her down
Knowin' she done been wit every man in town
Maybe I'm hellbound for living insane
I'm drowning my pain in the acid rainchorus:
Demonic intentions take ova your mind
Like leaping from a building for the 50th time
Stay away from drugs little boys and girls
Unless you wanna live in the under world x2
(the under world the under world unless you wanna live in the under world x2)All of the heartaches and all of the pain
All of the tear drops from acid rain
There's one drop gone 'cause they think I'm insane
Its all in my mind with the use of cocaine
Like drinkin prefusily and flying a plane
So intoxicated I can't stay in my lane
Private conversations with kurt cobain
Drownin' my fears in the acid rain
