

# S.I.B. (Swelling Itching Brain)

## Devo

Gotta nervous kind of feeling  
Gotta painful yellow headache  
Every picture in every magazine's  
Come real Every face looks out  
And screams at me too real  
Cold sweat on my collar  
Dripping to my boots The waves of nauseous pain  
Sets off the pressure pad alarms  
Gotta get outta here  
Gotta get outta here  
Gotta get outta here  
Gona get outta here  
Gotta painful swelling brain Banging in my head  
Gotta painful swelling brain  
And I called off sick  
Gotta swelling itching pain  
Got me pulling out my hair  
Gotta swelling itching pain Clutching at my brain  
Gotta painful swelling brain  
In the back of my head  
Gotta painful swelling brain  
And I called off sick  
Gotta swelling itching pain  
Got me pulling out my hair  
Gotta swelling itching pain Clutching at my brain  
Gotta painful swelling brain  
Got me laying in the floor  
Gotta painful swelling brain  
Think I left my senses  
Gotta swelling itching pain  
Seems like endless torture  
Gotta swelling itching pain Banging in my head  
Gotta painful swelling brain  
In the back of my head  
Gotta painful swelling brain  
And I called off sick  
Gotta painful swelling brain  
Got me pulling out my hair  
Gotta painful swelling brain Clutching at my brain

Gotta painful swelling brain  
Painful swelling brain  
Driving me up the wall  
Gotta painful swelling brain  
Painful swelling brainGripping at my eyes  
Ears, nose and mouth  
Gotta painful swelling brain  
Painful swelling brain  
It's bloating my thoughtsGotta painful swelling brain  
Painful swelling brain  
Leaves me holding the front door now  
Gotta swelling itching pain  
Swelling itching painClutching at my brain  
Gotta painful swelling brain  
Painful swelling brain  
Got me lying on the floor  
Gotta painful swelling brainPainful swelling brain  
Painful swelling brain  
Going out of my skull  
Gotta painful swelling brain  
Painful swelling brain  
Painful swelling brainBurning up my thoughts  
Gotta painful swelling brain  
Painful swelling brain  
Painful swelling brain  
Gripping at my eyes  
Ears, nose and mouth  
Gotta painful swelling brain  
Painful swelling brain  
Painful swelling brain  
Tearing me apart
