

Like Your Style

Pepper

I like your style, yah

I like your style, yah girl

I like your style

Well I been thru some hard times and I wake up in no times

Wondering how to stop my day

Gotta go do some laundry but I spotted a mommy

Can't keep her eyes off me, it's only a matter

She needed an alkaline so I donated one of mine

An ass like that, it's gotta be one of a kind

I never settle for call me, I guess I'm naturally naughty

I must have learned it from Toddie, and all the hot bodiesFlip-Flop, I'm the new boss. Take away punani and let
you fall fast.

Tick-Tock, who's been on top? Leaned upon box, run the Cyclopes'.

Flip-Flop, I'm the new boss. Take away punani and let you fall fast.

Tick-Tock, who's been on top? Leaned upon box, run the Cyclopes'.Enter the baseline and I wonder what you
taste like, Only thing on my mind

And I hear it in her voice, she's giving me no choice

She's showing me thighs and the keys to the new porsche

She wanna find out the hard way, she wanna jump on the highway

She wanna fly back to my place, you won't see her till tuesday

Maybe thursday, maybe friday, maybe saturday yah, I-I-IFlip-Flop, I'm the new boss. Take away punani and let
you fall fast.

Tick-Tock, who's been on top? Leaned upon box, run the Cyclopes'.

Flip-Flop, I'm the new boss. Take away punani and let you fall fast.

Tick-Tock, who's been on top? Leaned upon box, run the Cyclopes'.
