Strumming all my toys

Is like drinking holy water

Making lots of noise

Is like drinking holy water1st chorus

Everything I am

Everything I see

Helps me understand

Deep inside. I gotta be me.A tune to cure the soul

Is like drinking holy water

A song can make you whole

Like you're drinking holy water2nd Chorus

The truth is in your heart

You have a song to sing

Uncovering your soul

You find the key.. to everything|Time to sing along

Time to drink up holy water

Time to be reborn

Time to drink up holy water|Repeat first chorus
