

# Love Me Senseless

## Agnes

### Couplet 1:

Iâ€™m floating higher bring the atmosphere  
Youâ€™re everything but us just disappears  
Never plain like coming down from here  
I wanna melt into your arms into the stars  
Into the night and fly away

### Chorus:

Beyond any world Iâ€™ve ever seen  
Your eyes take me  
Beyond any dream Iâ€™ll ever dream  
Your touch wakes me  
Baby I just need to read you in  
Feel my body call my love again  
Let me get lost inside your kiss oh love me senseless

### Couplet 2:

Donâ€™t know how I live without your love  
I only know I never lived enough I know  
Now I think I almost feel too much  
I just wanna let it flow let it go  
Into the blue and fly with you

### Couplet 3:

Feel my song without a sound  
Till I know it to be found
