

# Wrapped In Red

Kelly Clarkson

(Verse)

Everybody's happy  
Snow is falling down  
Prayers are being answered  
Miracles all around(Verse)  
From afar I've loved you  
But never let it show  
And every year another  
December comes and goes  
Always watching  
Never reachingBut this Christmas  
I'm gonna risk it all  
This Christmas  
I'm not afraid to fall(Chorus)  
So magical and nothing more  
Than words I never said  
In all this white, you'll see me like  
You never seen me yea  
Wrapped in red (ooh-ooh-ooh-ooh)(Verse)  
Blue is where I've been  
Green can't buy me you  
Silver does remind me  
That mistletoe's for two(Verse)  
So I found a color  
That only tells the truth  
That paints a picture  
Of how I feel for youThis Christmas  
I'm gonna risk it all  
This Christmas  
I'm not afraid to fall(Chorus)  
So magical and nothing more  
Than words I never said  
In all this white, you'll see me like  
You never seen me yea  
Wrapped in red (ooh-ooh-ooh-ooh)I'll never feel you  
If I don't tell youThis Christmas  
I'm gonna risk it all  
This Christmas  
I'm not afraid to fall(Chorus)

So magical and nothing more  
Than words I never said  
In all this white, you see me like  
You never seen me yea  
Wrapped in red (ooh-ooh-ooh-ooh)  
Wrapped in red (ooh-ooh-ooh-ooh)
