

Lay It Down

Peter Bjorn And John

Hey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enough

Hey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enough

You sure can get it up
At least that's what you say
You don't know how to stop
You just can't walk away
And when we saw her face
You said she's something else

I know you just can't wait
This's more than I can take
You just can't play it down
You just can't play it down
You just gonna lay her down

Hey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enough

Hey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl

You have already had enough

It's getting hard to see
Through all our history
I guess it's in your blood
On that we can agree
And when we saw her face
I said she's something else
She was your only hope
And still you let her down
You just can't play it down
You just can't play it down
You're just gonna let her down

Hey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enough
Hey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enough
Hey, shut the fuck up boy
You are starting to piss me off
Take your hands off that girl
You have already had enough
