

Intro

Papoose

Yeah, a lightning bolt strikes in the air, yeah, finally it's here
'Cause y'all are the judge, the day of judgment finally is near
In your eye I see a tear, and it's remindin' me of fear
Rap's been dead so long, so stop denyin' what you feel
Dis payback for the fact that y'all ain't tryin' to keep it
real
Grim reaper that we call revenge right beside ya in your ear
He's saying your time expired, time is finally due it's clear
Not sober mind is a weak mind and he's buyin' you a beer
Cheers, time for a toast
(Your heart's beatin', your heart's beatin')
To the haters that hate you the most
(Your heart's beatin')
And the friends that pretend to be your folks
(Your heart's beatin')
This is what revenge sounds like
(Your heart's beatin', your heart's beatin')
I hear your heart beatin', keep runnin' your mouth, yeah
Your mouth runnin' ahead of you, your mouth do what
your legs should do
Let me walk to the edge with you, jump off of it, it
It sounds like your ready to, 'cause these rappers are terrible
And the game is unbearable but I'ma fix, fix
This feeling that's dead in you got your brains like a vegetable
Use the pro tools and tell 'em to edit it, it
Switch to somethin' that's better fool, turn it up what you better do
When I'm bringing revenge to you it sounds like this, this, this
Somebody call the doctor
(You're not breathin', you're not breathin')
They ain't gonna be well after this one right here
You're not breathin'
(You're not breathin', you're not breathin')
Just make sure they learn the name
(You're not breathin')
That's about to be runnin' the game
(You're not breathin')
Tell 'em the name, Chamillitary Mayne
Shoulda heard what I was tellin' you, I don't do what the jealous do
I don't hate when a nigga make it, 'cause I'm smarter and better too
You run when they tell you to but I move when I'm ready to
If you stop to take a breather, see that I'm light years ahead of you
y'all musta thought y'all wasn't gonna have
to see me or somethin'
(I'm not leavin', I'm not leavin')
Houston, Texas, I'm here now
(I'm not leavin', I'm not leavin')

Anybody gotta problem?

(I'm not leavin')

Speak now or forever hold your peace

(I'm not leavin')

I ain't think so, yeah The feeling's great 'cause they pay me, I expect some hatred so daily

I'm sticking the middle finger up like the feeling's mutual baby

The franchise and they say that the future can't really trade me

In Houston, I'm number one like I'm in the place of McGrady But keep on pacing it baby, the full truth has arrived

If they ask you about you nigga, you fin' to lie

They ask me about me and hear a truthful reply

They said they seem none better than me so hear the truth wit'cha eyes Better go take over befo' it rains

'Cause I'd hate to say that I told you Mayne

I know, I know what you're gonna say

But have it your way I know these haters is gonna hate

And I see that angry look on your face

Tell 'em sound of revenge is on the way

This isn't your day Lookin' for the truth, they ask me where have you been?

Where have you been? Where have you been?

Getting ready for these haters, I got somethin' for them

Somethin' for them, somethin' for them You're real quiet 'til you think you hear a sound in the wind

Sound in the wind, sound in the wind

You turn around 'cause you think you hear that sound once again

You hear that?

(Yeah what's that?)

That's The Sound of Revenge See, I told you

That's what happens when you get on his bad side

Chamillitary Mayne

And now for The Sound of Revenge
