

# Waltzing Along

James

Help comes  
when you need it most  
I'm cured by laughter  
Mood swings - not sure I can cope  
My life's in plaster, in plaster  
May your mind be wide open  
May your heart beat strong  
May your minds will be broken  
By this heart filled song  
These wounds are all self-imposed  
Life's no disaster  
All roads lead onto death row  
Who knows what comes after  
May your mind be wide open  
May your heart beat strong  
May your minds will be broken  
By this heartfelt song  
May your mind set you free  
May your heart lead you on  
May your mind let you be  
May your heart lead you on  
May your eyes be opened by the wonderful
