

Enigmatic

Huffamoose

I believe the one and only
Love I need is right in front of me
I can't seem to find another lover
I think I found my enigma Say again, you always throw me
What I mean is, I'm a sucker for a question
I like the guess work understand
Bring to me, my enigma Me thinks summer time, when me looks at you
In your summer dress and your rockin' do
How very enigmatic you are, how very enigmatic you are
How very enigmatic you are If I could be the me you wanted me to be
You'd see, I'm only scratching at the surface
I'm so much deeper
Understand, like you, an enigma Me thinks summer time, when me looks at you
In your denim skirt and your platform shoes
How very enigmatic you are, how very enigmatic you are
How very enigmatic you are You will be my lifeline, baby, you will be my better half
You will be my soldering iron, you will be my golden calf
You will be my tryptophan, you will be my coffee can
You will be the recipient of all my love Oh, mysterious one, ask of me
The question of the ages
Let us turn some pages
Give to me purity of enigma Left me, baby, up to the second tier
Maybe you're my friend, if you sit right here
Don't make a sound if you believe in love
Then you believe in fate, how 'bout a second date?
How very enigmatic you are, how very enigmatic you are
How very enigmatic you are How very enigmatic you are
How very enigmatic you are
How very enigmatic you are You are, you are, you are
You are, you are, you are
You are, you are, you are
