L' Is Gone

Musiq Soulchild

When we were introduced by your girl Ruth
I knew that you got down skin caramel complexion, lips chocolate brown
(I'm wonderin' now)
Ugh, would you get huff wit me
And let me stuff your Philly blunt with this black sensi 'cause
(Most definitely)
We can continuously
Get high like the clouds that watch the city, ugh
Huff till we go blind like my man Stevy
Till the whites of our eyes are bloodshot, glossy ugh
Then we'll fall fast asleep
And when we wake we can pick up where we L E F T see
(I don't mind if you don't)
No, 'cause see I'm like
(If you're wit it then it's on)
Yeah, so see you tonight
All the while I'm hopin' she would inhale
So I could be like Michael Jackson and enjoy myself 'cause
(All I wanna do is make a tuna melt)
When she role up in this sheets and let me spark that 'L, tell
What we gonna do when the 'L is gone
(Yeah)
Should we just role some more so we can flow some more
(Oh yeah)
Or maybe I should just take you home
And make you feel for me, like a love Jones
(Yeah, I said)
What we gonna do when the 'L is gone
(Alright ugh)
Should we just role some more so we can flow some more
(Ugh alright ugh)
Or maybe I should just take you home
And make you feel for me, like a love Jones
(Oh yeah)
Yo, it was evident that you were hesitant when we did it
You rolled it, I lit, and we hit it
Yo, instantly you affected my state
Of being to cloud 99
You could tell that the hydro, got you

By the way your eyes was half closed and mines too
Lord knows if we woulda rolled another sole then you woulda been
Holdin' on like Envouge, you know
(Yeah)
See I knew that you laced it, yes indeed
'Cause I could tell when I tasted it, yes indeed
You got me breakin' a sweat feelin' like somethings
Crawlin' all over my neck you got me drunk, yes indeed
I can't believe that you got this type of
Effect on me it seems
That I've been feelin' for you and you feelin' for me
For that high that we both need tell me what
What we gonna do when the 'L is gone
(We gone do)
Should we just role some more so we can flow some more
Or maybe I should just take you home
(Yes)
And make you feel for me, like a love Jones
(Tell me ugh)
What we gonna do when the 'L is gone
(When the 'L is gone say what)
Should we just role some more so we can flow some more
Or maybe I should just take you home
And make you feel for me, like a love Jones
(Listen to me oh)
Mmmda, mmmda, mm oh
(Yeah)
Mmmda, mmmda, mm oh
(Yeah)
Mmmda, mmmda, mm oh
(Alright)
Hey, hey, hey, hey, hey, hey, hey
Mmmda, mmmda, mm oh
Mmmda, mmmda, mm oh
(Da da da da oh)
Mmmda, mmmda, mm oh
Hey, hey, hey
What we gonna do when the 'L is gone
(Yeah)
Should we just role some more so we can flow some more
(Baby we can flow some more)
Or maybe I should just take you home
(Yeah yeah)
And make you feel for me, like a love Jones
(This Jones)

What we gonna do when the 'L is gone
[Incomprehensible]What we gonna do when the 'L is gone
[Incomprehensible]
