

Young & Alive

Beach Slang

Go truth or dare like brats tonight.

(It's wild. It's wild. It's wild.)

Go shake your Cher. Go bake a dime.

We are young and alive. Go bang the snares and amplifiers.

(It's wild. It's wild. It's wild.)

Take down your hair. Wake up the night.

We are young and alive.

We are young and alive.

Go barely care with all your might.

(It's wild. It's wild. It's wild.)

Go scare your skull. Bring it to life.

We are young and alive.

Go punch the air with things you write.

(It's wild. It's wild. It's wild.)

We are awake with hearts to riot.

We are young and alive.

We are young and alive. We are young and alive.
