

The River (Styx)

Son Little

Many a moon come this way at night
Many a moon come and shine her light
Taking her clothes off it break my mind
Taking her clothes off gone take all mine
Want you so bad it's like I'm out of time
Want you so bad I had to break your mind
Gimme your love baby all the time
Gimme your love baby you got mine
Now walk me to the River darlin'
Rock me in the river darlin'
(I now feel you)
Start to shiver darlin'
Walk me to the river darlin'
Most of my friends now are blown me off
Most of my friends gone and blown me off
Can't really blame em baby I got lost
Can't even blame em baby I feel love
Deep in the woods girl while we get off
Deep in the woods girl while we get lost
Run with wolves girl I'm never lost
Run with wolves girl ain't never lost
Now walk me to the River darlin'
Rock me in the river darlin'
(I now feel you)
Start to shiver darlin'
Walk me to the river darlin'
Twenty to seven baby time to rise
Twenty to seven baby time to rise
Heart is blazing blue electric fire
Heart is blazing blue electric fire
Want you so bad it's like I'm out of time
Want you so bad I had to break your mind
Gimme your love baby all the time
Gimme your love baby you got mine now
Now walk me to the River darlin'
Rock me in the river darlin'
(I now feel you)
Start to shiver darlin'
Walk me to the river darlin'
