

Breathe You In

Dierks Bentley

I've never been the kind
to bear my heart and soul.
Yeah, I've always taken pride
in stayin' in control.
I told myself I'd never fall too deep.
But girl you came along
and made a liar out of me.
I'm as gone as I can be.
I wanna breathe you in,
I wanna be so close,
you can wear my skin
like a new set of clothes.
So you can't even tell
where you end and I begin.
I wanna breathe you in
I wanna breathe you in
Your silhouette
and moonlight on the wall
as you crawl across the bed
beats all I ever saw.
The smell of your hair
falling on my face,
those red wine kisses,
give a buzz with just one taste.

Girl you blow me away.
I wanna breathe you in,
I wanna be so close,
you can wear my skin
like a new set of clothes.
So you can't even tell
where you end and I begin.
I wanna breathe you in
I wanna breathe you in
Again and again and again,
until the sun comes up.
Again and again and again,
I can't get enough,
I can't get enough.

I wanna breathe you in,
I wanna be so close,
you can wear my skin
like a new set of clothes.
So we can't even tell
where you end and I begin.
I wanna breathe you in
I wanna breathe you in
I wanna breathe you in
