

# Pabu Boy

## Skankin' Pickle

Can't sleep once again  
Too many things on my mind  
I wish I could change the ways  
That I have spent my time  
Too lazy to get up  
And help my father with the chores  
I'm sure I'm not a bum  
But who am I to score  
But starting from 0-0  
Give me the ball I say  
Pride I have and always will  
And I'm not a Pabu boy  
Take time to think things over  
Hey, that sounds okay  
Even though it's four years later  
And the kid has grown to stay  
Make no mistakes  
I understand there comes a time  
To move along in some way  
And make ends meet with mom  
Until that day, need I say  
"Don't worry bout me"  
I will be fine you see  
And I am not a Pabu boy
