

# Sleeping Pills

## The (International) Noise Conspiracy

Didn,t take your sleeping pills last night won,t take them again tonight  
I stayed up with the lights on, I,m going to stay up all night  
'Cause I don,t want to live that way  
Didn,t take your sleeping pills last night, won,t fall to coma again  
I,ve had enough of your nightmares, I,m going to stay up my friend  
'Cause I don,t want to live that way  
Cures against sleep and nightmares - I,ll leave them be  
Didn,t take your sleeping pills last night
