

You

Fisher

Its late now
Time to sleep
Close your eyes
Go to dreams Clouds on walls
And blue skies
Mommys sun,
her moon, her stars And you
You make me run
And you
You make me want to live Your smiles
Well they make my day
You dont know it yet
But youre everything This little song well
Its for you
These lovely years
here with you And you
You make me run
And you
You make me want to live And you
You make me run
And you
You make me want to live
For you
