One Step Away

Casting Crowns

What if you could go back,
and relive
One day of your life all over again,
And unmake the mistake
That left a million miles away from the You,
You once you knew,
Now yesterday shame keep saying that you never get back
On track,
But what if i told you

You're one step away from surrender,
One step away from coming home (coming home),
Youre one step from arms wide open,
His love will never let you go,
Youre not alone,

Youre one step away

It doesn't matter how far you've gone,
Mercy says you don't have to keep running down the road you're on,
The loves never met a lost cause.

Your shame, lay it down,
Leave your ghost in the past because you know you can't go back,
But you can turn around

You'll never be more than

You're one step away from surrender,
One step away from coming home (coming home),
Youre one step from arms wide open,
His love will never let you go,
Youre not alone,

Lay down, lay down your old chains,
come now and take up your new name,
Your best life up ahead now,

Youre one step away

Lay down, lay down your old chains,
come now and take up your new name,
your best life head now,

you're one step away

Lay down, lay down your old chains,
come now and take up your new name,
your best life head now,

you're one step away

So come on home (Come on home)

One step from arms wide open,
His love will never let you go,
You're not alone

You're one step away

Lay down, lay down your old chains,
Take up, take up your new name, Lay down, lay down your old chains,
Take up, take up your new name,

Lay down, lay down your old chains
Come now, take up your new name,
Your best life ahead now,
One step away
Lay down, lay down your old chains
Come now, take up your new name,
Your best life ahead now,
you're just one step away
