Heavy Soul

The Sound Stylistics

Hear her calling, come to me
Thought of her won't let me be
Go to the valley, climb the hill
Whatever it takes darling, you know I will
Hey now darling
Heavy soul darling
Heavy soul darling
Heavy soul darling
Heavy soul darling
Hear her callin', hurry home
Been so long since I been gone
I won't get tired, won't go astray
I hear her callin', call my name
Hey now darling

Heavy soul darling
Heavy soul darling
Heavy soul darling
Heavy soul
Just my color, just my kind
Got a heavy soul next to mine
Heart's on fire, get no sleep
Drive all night, no relief
Yeah, now darling
Heavy soul darling
Heavy soul darling
Heavy soul darling
Heavy soul darling
Heavy soul
