Twin Rivers

Big Scary

Gonna have to wake up,
I don't wanna have to wake up.
Get up, get changed, game face,
I don't wanna have to wake up again this morning.Gonna have to wake up,
I don't wanna have to wake up.
Get up, get changed, game face,
I don't wanna have to wake up again this morning.And the conversation's so old,
We can't even muster a fight.
And my body goes cold,
When you turn off the bed-side light.Gonna have to wake up,
I don't wanna have to wake up.
Get up, get changed, game face,
I don't wanna have to wake up again this morning.Gonna have to wake up,
I don't wanna have to wake up.
Get up, get changed, game face,
I don't wanna have to wake up again this morning.This is my idea of fun,
All is lost and time is won.
I know we get so ___,
We are no old souls.
I know we can resolve this.This is my idea of fun,
All is lost and time is won.This is my idea of fun (And the conversation's so old, can't even muster a fight),
___ and feeling's numb (And my body goes cold, when you turn off the bed-side light).I know we get so ___,
We are no old souls.
I know we can resolve this.Nothing ever happens? Will something ever happen?Gonna have to wake up,
I don't wanna have to wake up.
Get up, get changed, game face,
I don't wanna have to wake up again this morning.Gonna have to wake up,
I don't wanna have to wake up.
Get up, get changed, game face,
I don't wanna have to wake up again this morning.
