All you motherfuckers  
Turn it up let it (bounce)  
In the trunk let it (bounce)  
Throw em up let it (bounce)  
Yeah bitch This is what we do when  
We verbally turn em out  
With the speakers to the  
Maximum baby just let it  
Bounce now In a crowd let it (bounce)  
Turn it loud let it (bounce)  
Blow em out let it (bounce)  
Yeah bitch This is what we do when I  
Show em what I'm about  
With the speakers to the  
Maximum baby just let it  
Bounce It's that evil rap nemesis  
Putting together  
Sentences  
Faster than that hedgehog  
Running on Sega Genesis Higher than the hoops of pegasus  
And let the pencil hit the paper  
Harder than a bus  
Jerome Bettis it Let it be set it bit with the  
Excellent rhetoric  
My vernaculous sbectaculous  
Steb to me and I'll settle it  
If mastery a language was  
The goal then I'm ahead of it  
You can't connect the checks  
That I'm cutting down in  
Conneticut My flow bezark rib cage  
Gotta soulja's heart  
Verbally a double barrel!  
Shotty leave you blown apart  
I'm such an animal they kick  
Me off of Noah's Ark  
Cus they keep on coming up  
Shorter than Napoleon  
Bonaparte Me? I'm a tall dude never let you fall through

Hard as granite damnit  
These bitches softer than dog food Shoot em up R2 drop so many bars you  
Haters quit your job  
Cus there's nothing to argue; now let it Turn it up let it (bounce)  
In the trunk let it (bounce)

Everybody sipping rozay  
No filter on my mouth not a thing I

Won't say  
Check the clocks like Coldplay know  
What time it is  
And my future still looking good like  
Marisa Tomei Beating me? No way  
Bitch you better ease up  
Who needs a label the only thing I'm signing is a free nut I'm a beast why would I compete with these chumps  
I'm an 8 ball they only equal the key bump  
Keep my bars high rap in the car lots  
Private school training at the school of hard knots They pop the hard rock I'm  
Making your jaw drop  
So high, I'm up in the sky  
With star fox  
Hip hop veteran rockin with  
David Letterman  
Bad to the bone you can  
Check my damn skeleton Webby ready as ever you
