

If I Get Home On Christmas Day

[Elvis Presley](#)

If I get home on Christmas Day
I won't need soft words to say
I'll miss you and I can stay a while
You'll see it in my eyes and when I smile
If I get home before midnight
While you're still sleeping tight
I'll take you in my arms and there you'll stay
If I get home on Christmas Day
Writing letters everyday
Never really seem to say
The way I feel deep
In this heart of mine
Though I'm half a world away
If we're patient and we pray
Know I'll get my chance
With you this time
If I get home on Christmas Day
I won't need soft words to say
I'll miss you and I will stay a while
You'll see it in my eyes and when I smile
If I get home before midnight
And you're still sleeping tight
I'll take you in my arms and there you'll stay
If I get home on Christmas Day
I'll take you in my arms and there you'll stay
If I get home on Christmas Day
