

Last Of The Anti-Fascist Warriors (Album Version)

Kane Hodder

Sonic boom You'll suck the birth of me
And my translucent enemies
I'd lose my legs for you
I'd raise my fist for you Ten times the might of fashion
Kiss my lips for that chain reaction
It's a chain reaction, it's a medication
And I want to live forever Shake your thorax to the footsteps
They'd love to taste the free air
They'd love to dream of blackmail
They'd love to bathe you in your former glory Next stop, faith in the fact that
You'll have the answer to everything
Faster, faster, won't you make it
Faster one more time? To breathe your breath in time
Your breath is out of time, make it faster
Now shake your hips with culture
Now point your fingers to the sky Living in your kisses, living like a fascist lover
Save your ritual tragedy, it's time to celebrate our new
Noble complacent so lucid serenity
Take it from here and I'll save our eyes
With your forked tongue, living like a fascist lover Sonic boom
