

# Small Talk And Pride

**Olivia Newton-John**

We never really had the chance to let each other know  
We never really had the time to let our feelings show  
Small talk kept us going when the only words to say  
Were, how I long to hold you, pride locked the words away  
I never had the confidence to think that you could  
care  
I never looked into your eyes to see if love was there  
I talked it over with myself and silently agreed  
Your heart was in a high place unreachable to me  
I waited too long for a sign from you  
Reached for a line that you never threw  
Small talk and pride kept us from getting together  
Now there's never a day you're not on my mind  
Saying the words we could never find  
Small talk and pride took you from my life forever  
I'll never hold the cards again  
To win a love so real  
I know I'd gamble everything  
But Mistress Fate won't deal  
I just have to be content to learn by my mistakes  
Our hearts were just a breath away  
Now they're far enough to break  
I waited too long for a sign from you  
Reached for a line that you never threw  
Small talk and pride kept us from getting together  
Now there's never a day you're not on my mind  
Saying the words we could never find  
Small talk and pride took you from my life forever
