

# My Honey's Loving Arms

Barbra Streisand

I love your loving arms  
They hold a world of charms  
A place to nestle  
When I am lonely  
A cozy morris chair  
What kind of chair  
Is a maurice chair?  
One caress, happiness,  
Seems to bless my little honey  
I love him more each day  
When years have passed away  
He'll find my love  
Belongs to him only!  
'cause when the world seems wrong  
He'll know that I belong  
Right in my honey's loving arms  
I love him more each day  
When years have passed away  
He'll find my love  
Belongs to him only!  
'cause when the world seems wrong  
He will know that I belong  
Right in my honey's loving arms  
I said my honey 's loving  
I mean my honey's loving arms,  
I mean my honey's loving arms...
