

# Broken Heart

## Side FX

It was a storybook love affair  
Places changed as we walked on air  
Friends watched even stared at the love we shared, the love we sharedBut then you blinded me with goodbye  
You ripped my heart in two when will I ever stop crying over you?Chorus:  
So many people  
So many people  
have a broken heart,So many people  
So many people  
have a broken heart, like me? 2xStepping outside - no reason to run and hide  
Pain is all that remains  
Why can't you see me now?  
Standing there just another face in the crowd, just another face in the crow  
But then you blinded me with goodbye  
You ripped my heart in two when will I ever stop crying over you?
