The 2 Miss Leavens

Rasputina

Here, we see the two Miss Leavens; each girl was 16 years old.
Kylie died in a car crash in Iowa,
Harriet in an 1815 portrait from Connecticut.Harriet's necklace & purse are lined in scarlet reds.
Kylie's myspace states that she was a good friend.
Stylized clouds float behind their heads, suggesting the halos that awaited them.The 2 Miss Leavens - no doubt, in Heaven, I paint their portraits on ivory.
Two perfect likenesses, teen-aged your highnesses, soft-focused by death, by history.I am the limner. I make portraits in minature.
These 2 girls were separated by 200 years, but still they are sisters.
