

Melody Life

[Marcia Griffiths](#)

When your in love it?s a lovely life
When someone asks you to be his wife
It is so good for you to settle down
It does pay for you to rob the town

When you find someone who is true to you
Someone who?ll do what you want to do
I said its good for you to settle down
It doesn't pay for you to rob the town

It is so good for you to settle down
It does pay for you to rob the town

When your in love it?s a lovely life
When someone asks you to be his wife
It is so good for you to settle down
It doesn't pay for you to rob the town

I said its good for you to settle down
It doesn't pay for you to rob the town
