Lost in a Dream

Sizzlebird

I'm lost in a dream
Where my love supreme
Can't find me like I care
By chance to undermine
My fantasy divine
It's mystery that binds me there
I'm looking for a moonbeam to get lost in
Everything will be beautiful and bright
'Cause things come out at night
They're ugly and some of them bite
So I'm getting lost in a dream
I'm looking for a rainbow to fly over
To a place where angels draw their bows
It's danger heaven knows
To wager my X's and O's
That we could get lost in a dream
I'm lost in a dream
Sweet and double cream
I know it sounds unfair
But love's a compromise
And I don't think it wise
For one to be so well aware
I'm looking for a melody to hold me
Waiting for the orchestra to play
And if you ever stray, okay
I'm happy to stay
Alone ever lost in a dream
I'm looking for some sunshine and some clover
And a cloud to rest my head upon
Can't put my finger on
Just when my baby got gone
Because I was too lost in a dream
