Keep On Pushin'

Gene Clark

Keep your feet on the ground
Don't let 'em bring you down
All you got to do is keep on pushin'All the things they say
Won't always work that way
Satisfy your mind and keep on pushin'All I ever want to see
Baby, please, that you're not down on me
Every time I call, call up on you
All you got to do is keep on pushin'All the things you do
You got to see 'em through
Satisfy your mind and keep on pushin'
