

See If I Care

Face to Face

There's nothing left to do here but clean up this mess
I let myself down for the last time
These things that used to matter, I couldn't care less
I used to hate being alone
You've taken everything from me I've ever known I've got nothing left for you
I've got nothing to spare
Whatever it is
You want me to give
Just take it
And see if I care There's something left to do but I can't lift my head
I told myself this was the last time
I'm really close but I haven't given up yet
I used to hate being alone
You've taken everything from me I've ever known I've got nothing left for you
I've got nothing to spare
Whatever it is
You want me to give
Just take it
And see if I care
