

Shiver

Cage the Elephant

Looking out my window
Wonder how it came to beFeels just like a tempo
Lifted by a gentle breezeUgly as a suitcase
I can see it stretch for daysHanging on a sunset
Softly trampled by the rain[Chorus]
Way too long
Hold on
Hold on
Dead and gone
So long
Hold on
Way too long
Hold on
Hold on
Dead and gone
So long
Hold on
So long
Hold onLooking out my window
Trying to find a hiding placeClimb up to the tree tops
Watch it all just drift away[Chorus]
