And So Did I

Dizzy Mizz Lizzy

(Track 10 on "Dizzy Mizz Lizzy")Little knife-edge
took a life and so did I
inner circle
she drove around and so did IIn my way
live tomorrow not today
in the rain
over and over and over againMoney's talkin'
you paid the price and so did I
like forever
it took some time and so did IIn my way
live tomorrow not today
in the rain
over and over and over again
it's never enough with a heartAt a party
you looked so strange and so did I
lonely spider
you changed your mind and so did IIn my way
live tomorrow not today
in the rain
over and over and over again
it's never enough with a heartLyrics by Tim Christensen
