## Ice Cube

Maestro

Blame me You niggaz know my pyroclastic flow  
You niggaz know my pyroclastic flow flow  
You niggaz know my pyroclastic flow  
It's R A W, R A W You looking at the grand wizard  
War lord vocal chord so vicious  
And I don't have to show riches  
To pull up pull off with some bad bitches And it ain't about chivalry  
It's about dope lyrics and delivery  
It's about my persona ain't nothing like a man  
That can do what he wanna Ain't nothing like man on that you knew on the corner  
See 'em come up and fuck up the owner  
See 'em throw up Westside California  
Nigga I'm hot as Phoenix, Arizona I'm Utah, I got multiple bitches  
It's a new law keep a hold of yo riches  
Dumb nigga don't spend it as soon as you get it  
And recognize I'm a captain and you a lieutenant I can say what I want to say ain't nothin' to it  
Gangsta rap made me do it  
If I call you a nigga ain't nothin' to it  
Gangsta rap made me do it I can act like an animal ain't nothin' to it  
Gangsta rap made me do it  
If I eat you like a cannibal ain't nothin' to it  
Gangsta rap made me do it I'm raw as a dirty needle, choke an eagle  
Just to feed all my people, lyrically I'm so lethal  
Plant thoughts in they mind just to defeat you  
Ice Cube is a saga y'all spit saliva and I spit lava I got the fearless flow  
Don't get near this ho' if you scared to go  
I keep it gangsta and why should change that  
Fuck you all you motherfuckers tryin' to change rap But aren't you the same cat that sat back  
When they brought cocaine back? I'm tryin' to get me a Maybach  
How you motherfuckers gonna tell me don't say that  
You the ones that we learned it from, I heard nigga back in 1971 So if I act like a pimp ain't nothin' to it  
Gangsta rap made me do it  
If I call you a nappy headed ho ain't nothin' to it  
Gangsta rap made me do it If I shoot up your college ain't nothin' to it  
Gangsta rap made me do it  
If I rob you of knowledge ain't nothin' to it  
Gangsta rap made me do it Thank God when I bless the mic  
You finally get to hear the shit that you like

A nigga talkin' 'bout real life so you can try to get this shit right  
Use your brain not your back use your brain not a gatIt's a party not a jack  
(For real)  
Don't be scared of them people  
Walk up in there and show them that you equal  
(Fuck them, fuck them)Don't be material a nigga grew up on milk and cereal  
I never forgot Van Ness and Imperial  
Look at my life Ice Cube is a miracle  
It could be you if you was this lyricalIt could be her if she was this spiritual  
'Cause me and Allah go back like cronies  
I don't got to be fake cause he is my homieIf I sell a little crack ain't nothin' to it  
Gangsta rap made me do it  
If I die in Iraq ain't nothin' to it  
Gangsta rap made me do itIf I take you for granted ain't nothin' to it  
Gangsta rap made me do it  
If I fuck up the planet ain't nothin' to it  
Gangsta rap made me do itYou niggaz know my pyroclastic flow  
You niggaz know my pyroclastic flow flow  
You niggaz know my pyroclastic flow  
It's R A W, R A WOh yeah, and another thing  
For all ya niggaz that don't do gangsta rap  
Don't get on TV talkin' about gangsta rap  
'Cause 9 times at a 10 you don't know the fuck you talk about
