

Girl's Say

Vic Chesnutt

Girls say "why do you want to do that?"
And boys say, "well I gotta leave".
And girls say "watch out for your head"
And boys say, "why you wanna be a bitch?" Girls say "can I get you anything?"
And boys say "who you trying to kid?"
And girls say "ooo I've got a headache".
Boys say, "why you wanna be a bitch?" Physiology is no mystery
A jigsaw puzzle is only a trial and error game Yes and girls say "you look great today".
And boys say "hey, show me all your boobs".
Girls say, "I could use a back rub".
And boys say "why you wanna be a bitch?"
