The Ark

Dr. Dog

God, He called for rain

So I built an ark but no rain came
I was ashamedMan, he called for war
So I built a gun and I joined the corps
But I wasn't sureLove, she asked for more
But what I gave only made her poor
I wasn't sureThe dove, she promised land
As she laid the branch right into my
There was no landWhat does it mean to be here?
Well, I know because I can and I will
Yes, I know because I can and I willWhat does it mean to be here?
Well, I know because I can and I will
Yes, I know because I can and I will
Yes, I know because I can and I will
