

# As Above So Below

## Behemoth

I've seen strange signs on my way  
Silent shadows, dancing shapes  
And angels fallen on the earth  
Face up and look there  
When the root of Thy being cannot reach Art thou Nephilim child  
Are ye looking for thy Elysium?  
Here among the living trees  
Among the fading stars, variability of forms Sometimes love, sometimes sadness of things  
Sometimes rapture and wine of Sabbath  
Sometimes hatred, divine rage  
And 93 rears, no limit beyond the sin gilgolem Ye taught me the secret words  
Iao Sabao  
Protect thy Damion  
Iao Sabao  
Protect thy Damion  
Iao Sabao  
Protect thy Damion  
Iao Sabao, Sabao Why, why whisper thoughts  
But might is raised  
When conjurer of seasons  
Hums the song sorrowful, joyful Night is eternal  
Day is eternal  
With runes of life  
And runes of death  
As above, so below  
Now it's time of the beast
