## The Dissidents

I'm sick of the poor  
What do they think they're suffering for?  
I'm sick of the poor  
They don't have the threat of war

I'm sick of the world  
I'm sick of the rich man's world  
I'm sick of the waste  
I'm sick of the human race

I'm sick of these nations  
All they care about is money situations  
I'm sick of these nations  
Just care about space explorations

I'm sick of the world  
I'm sick of the rich man's world  
I'm sick of the waste  
I'm sick of the human race
