

# New Tattoo (single Version)

## Motley Crue

I've been out drinkin' with the boys again  
Sorry, I'm calling after 2 am  
Something that I need to say to you  
I know it's late but this can't wait I just got a new tattoo  
One love and one woman, you're my new tattoo  
Tonight is the very first night of my life with you  
Until the day I die I promise it's true  
Everyone will see my new tattoo  
Tonight I saw your face up in the stars  
Stumbled here to paint you on my arm  
There's something that I need to say to you  
So I wrote this song 'cause you belong right here on my new tattoo  
One love and one woman, you're my new tattoo

Tonight is the very first night of my life with you  
Until the day I die I promise it's true  
Everyone will see my  
I don't want to see us fade away  
I don't want to be without you another day  
I could be your Dorian Gray  
I won't fade away, no, I won't fade away  
One love and one woman, you're my new tattoo  
Tonight is the very first night of my life with you  
One love and one woman, you're my new tattoo  
Tonight is the very first night I'll spend with you, yeah  
Don't want to be without my new tattoo, yeah, yeah
