

When You Got Friends

Freckleface Strawberry

Strawberry, Iâ€™d like to talk to you about friends now.

When you got friends (Friends)
Then you feel happy (Happy, happy, happy)
When you got friends (Friends, oooh)
Youâ€™re a lucky boy or girl
(Can I get an Amen now? AMEN)

When you got a whole lotta-lotta, whole lotta whole lotta friends
Who cares about freckles? No-no-noo not me (Me neither)
And weâ€™ll be best friends forever
Forever more (Forever more)

When you got friends
Then you feel happy
When you got friends
Youâ€™re a lucky boy or girl

When you got a whole lotta, whole lotta friends
Who cares about freckles?
And weâ€™ll be best friends forever
Forever more

So letâ€™s play and sing and dance with each other
Though sometimes we canâ€™t stand each other
Fight all day like sisters and brothers
But always stay together and never hurt each other.

When you got friends
Then you feel happy
When you got friends
Youâ€™re a lucky boy or girl

From now on â€˜til the end
Throughout our whole life through
Weâ€™ll be best friends forever
Bestest friends forever
Best of friends forever, ever more!

Now you got friends

Yes we got friends
Now you got friends
Yes we got friends
Now you got friends
Yes we got friends
Now you got friends
Yes we got friends
Yeah (Friends)
Friends
